WHY YOU SHOULD MAKE THE SWITCH

'OLD OR POORLY INSTALLED CEILING DOWNLIGHTS ARE SAID TO CAUSE AT LEAST ONE HOUSE FIRE EVERY WEEK IN WA'

LED's use much less energy than the traditional incandescent and halogen lamps, resulting in saving money and having a longer lifespan. Whilst it may seem expensive initially LED lamps are by far the most beneficial light in the market today. The higher the lumen, the higher the efficiency. So, prevent a fire from starting in the roof space by downlights producing heat and call today for our licensed electrician to install any of the above options!

ALL THE BENEFITS:

- USE LESS ENERGY
- DON'T PRODUCE HEAT
- DON'T NEED TO BE CHANGED AS REGULARLY
- FASTEST AND EASIEST WAYS TO CUT YOUR ENERGY BILLS, REDUCING CARBON EMISSIONS

*Eligible for Perth Metropolitan Area. Prices subject to change, please enquire within.
